# Light Trail

## Christmas Tree Tales new commission by various artists

Created by Vectors Point  
from Noun Project

Christmas Tree Tales will tell festive stories from around the world with lights.

### 1. Ukraine

Inspired the Ukranian folk story about a spider who visits a family at Christmas.

### 2. St Lucia

Inspired by Saint Lucia's Christmas celebrations around the Feast of Saint Lucia – patron saint of light.

### 3. LGBTQ+

Celebrating the LGBTQ+ community at Christmas with rainbow lights and open doors.

#### 4. Nigeria

Inspired by Detty December which is a fun party for the Christmas season.

#### Evanescence by Atelier Sisu.

Evanescence is by artists Atelier Sisu.

Atelier Sisu makes art for public spaces.

The Bubbles are inflatable.

They are blown up with air for the event.

The Bubbles light up and have beautiful iridescent colours.

## Globoscope by Collectif Coin

Globoscope is an outdoor artwork of over 200 lit-up balls across the area with beautiful music.

The bright balls will light up and go dark.

Each ball is a light on an LED screen. The balls are programmed to create light patterns.

Collectif Coin are the artists.

They hope to transport your mind to a new dreamy world.

## LightWeight by Impossible Arts

A giant inflated globe.

It slowly turns and glows with changing images.

Animations floating and flying:

- Faces flapping with wings
- Horses
- Snowmen and snowflakes

Take part by visiting the photo-booth.

Take 5 photos with different facial expressions.

The camera can go up and down and move to you.

See yourself and then take photos and videos of your projected images.

Only the last 9 people are shown, so your image will soon be replaced.

## More to experience

Light up woodland animals.

Festive market with food, drinks and gifts.

Funfair.
